

IMPACT REPORT 2021

The Dragon Kim
Foundation

THE BEST VIEW COMES AFTER THE HARDEST CLIMB

We love teaching our Dragons to focus on changing their corners of the world. We're incredibly proud that the big-hearted teens in both our Music Program and our Fellowship Program persevered in serving their communities despite the global pandemic that brought so many other things to a halt this last year. We found intense joys when our Dragons chose to help in the most trying of times. Check out our greatest moments in 2020:
